Directions (Q. Nos. 76 - 78) Read the following passage and answer the questions by choosing the most appropriate option.

Zeus and Prometheus

From the very first, humans had trouble with the Greek Gods. Most Gods thought of humans as toys. But Gods made friends with the humans. One of those Gods was Prometheus. The first people created by the Gods lived happily together.

They thought the Gods were wonderful. But their children were not as grateful or as content. The children argued among themselves, and sometimes even argued with the Gods. Zeus was very disappointed at mankind.

He decided to punish mankind by depriving them of a very important tool-fire. Prometheus felt sorry for his human friends. Fire was important for many things such as heat and cooking. Prometheus stole a lightning bolt from Zeus and gave it to mankind. That's when man discovered fire.

Zeus was furious as Prometheus had defied Zeus. He ordered Prometheus be chained to a rock as punishment for stealing his lightning bolt, and for going behind his back to help the humans.

To make Prometheus even more miserable. Zeus sent storms to beat angry waves against Prometheus, helplessly chained to his rock. Zeus made the sun shine really brightly now and then to burn his skin. It was Hercules who finally released the helpless God from his chains.

Which of the following statements is not true about Zeus and Prometheus?

- ☐ A. Most Greek Gods saw humans as a means of their entertainment
- ☐ B. Prometheus was chained to a rock as he was a God
- ☐ C. Zeus was an unforgiving God who did not like to be disobeyed
